**\$ 25.00 Amendment Fee**

**5-8-1.13 Board of registration for professional land surveyors - Permitted practices**

(1) The practice or offer to practice land surveying as defined by this chapter by sole proprietorship, partnership, limited liability partnership, corporation or limited liability company, subsequently referred to as the "firm", through individuals is permitted; provided, that the individuals are in direct control of that practice; exercise personal supervision of all personnel who act in behalf of the firm in professional and technical matters; and are registered under the provisions of this chapter; and provided, that the firm has been issued a certificate of authorization by the board of land surveyors.

(2) Within one year after the enactment of this chapter [July 12, 1990], every firm must obtain a certificate of authorization from the board and those individuals in direct control of the practice and who exercise direct supervision of all personnel who act in behalf of the firm in professional and technical matters must be registered with the board. The certificate of authorization shall be issued by the board upon satisfaction of the provisions of this chapter and the payment of an annual fee not to exceed fifty dollars (\$50.00).

(3) It is the intent of the board of registration to establish that the professional land surveyor is responsible for land surveying services.

(4) Every firm desiring a certificate of authorization must file with the board an application for the certificate on a form provided by the board. A separate form provided by the board shall be filed with each renewal of the certificate of authorization and within thirty (30) days of the time any information previously filed with the board has changed, is no longer true or valid, or has been revised for any reason. If, in its judgment, the information contained on the application and renewal form is satisfactory and complete, the board shall issue a certificate of authorization for the firm to practice land surveying in this state.

(5) No firm that has been granted a certificate of authorization by the board of land surveyors is relieved of responsibility for the conduct or acts of its agents, employees, partners (if a partnership or a limited liability partnership), officers or directors (if a corporation), or members or managers (if a limited liability company) because of its compliance with the provisions of this section. No individual practicing land surveying under the provisions of this chapter is relieved of responsibility for land surveying services performed by reason of his or her employment or other relationship with a firm holding a certificate of authorization as subsequently described.

(6) A land surveyor may not, for the purposes of this section, be designated as being in responsible charge on more than two (2) certificates of authorization.

(7) Certificates of authorization shall be treated for all purposes hereunder, including, but not limited to, renewal, expiration and lapsing, as previously provided for certificates of registration in section 5-8.1-10; provided, however, that renewal may be effected at any time prior to or during the month of June of each even-numbered year (meaning biennially) commencing in year 2004.

(8) Limited liability partnerships, corporations and limited liability companies shall submit a copy of their articles of incorporation, articles of organization or certificate of registration in order to obtain a certificate of authorization from the board of land surveyors.

(9) Corporations other than those organized under chapter 5.1 of title 7, partnerships and sole proprietorships practicing in this state prior to July 12, 1990, shall fully comply with the provisions of this section within one year of that date.

(10) Effective one year from July 1, 1990, the secretary of state shall not issue a certificate of incorporation or certificate of organization or certificate of registration to any applicant, or a registration as a foreign corporation, limited liability partnership or limited liability company, to any firm, which includes among the objectives for which it is being established any of the words "surveyor", "surveying" or any modification or derivation of those words, unless the board of land surveyors has issued for the applicant a certificate of authorization or a letter indicating the eligibility of the applicant to receive the certificate. The firm applying shall supply the certificate or letter from the board with its application for incorporation or registration as a foreign corporation, limited liability partnership or limited liability company.

(c) *Land surveyor previously registered.* Each land surveyor holding a certificate of registration and each land surveyor-in-training under the laws of this state as previously in effect shall be deemed registered as a land surveyor or land surveyor-in-training as appropriate under this chapter.

(d) This section does not exempt the political subdivisions of the state, such as county, city, or town, or legally constituted boards, districts, or commissions, from obtaining a certificate of authorization from the board of registration when applicable.
